ICONIC MASTERPIECES

Surfaces That Anchor Space

ULTRA STONE™

Spaces today demand surfaces that perform as powerfully as they appear. Designed to withstand intensive use and the realities of modern living, this collection offers a superior surface solution distinguished by exceptional strength, refined style, and enduring performance. With impressive thickness and large-format dimensions, it delivers outstanding versatility across both specialised and standalone applications.

Expertly conceived and meticulously crafted, it embodies the perfect balance of durability and design. Its full-body stone construction and robust thickness ensure long-term reliability, while timeless aesthetics add depth, harmony, and sophistication to contemporary spaces. Each design reflects a modern classic—engineered for strength and thoughtfully curated for enduring style.

Developed through continuous research, advanced manufacturing technology, and premium raw materials, This Series is built for trust and longevity. Engineered to withstand heavy foot traffic, stains, scratches, and everyday wear, it delivers exceptional performance with minimal maintenance—making it an ideal choice for both residential and commercial environments.

FULL BODY

INTRODUCING

PRODUCT BENEFITS

High Resilience

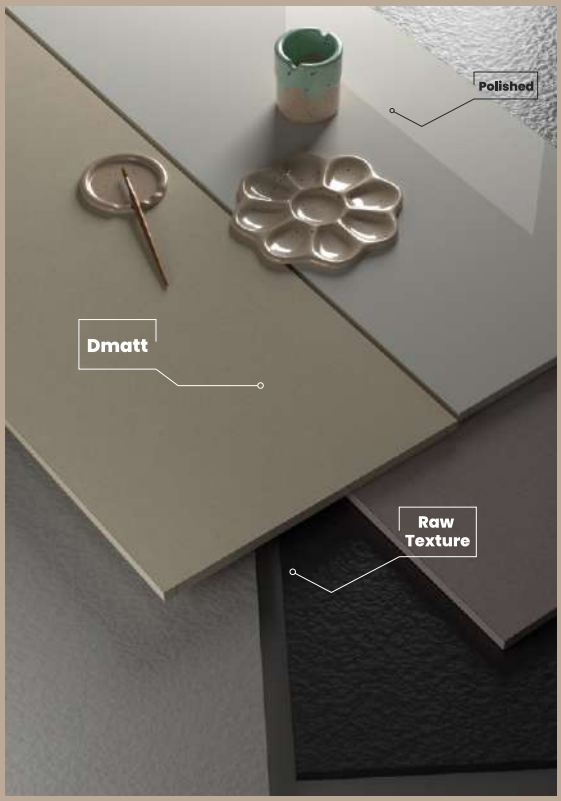

Engineered for performance, these surfaces resist stains, scratches, impacts, and everyday wear with exceptional durability.

Antibacterial Surface

The non-porous composition enhances antimicrobial properties, ensuring superior hygiene and easy maintenance.

Made in India

Proudly manufactured in India, products meet global standards and are trusted across markets worldwide.

EDGE PROFILES

The substantial thickness is ideal for both functional and aesthetic edge profiles, enhancing safety while allowing finer detailing through slab cutting, shaping, and advanced fabrication techniques.

Squared ridge at 45°

Rounded ridge at 45°

Straight squared ridge

Rounded straight ridge

Double Straight squared ridge

Double Straight rounded ridge

ULTRA STONE™

The kitchen countertop is one of the most stressed and functional surfaces in the home environment, and for this reason its choice requires particular attention. Most daily activities take place on it, from food preparation to placing utensils and appliances.

For this reason, resistance, durability and ease of maintenance represent fundamental technical characteristics, without neglecting the design and aesthetic harmony with the rest of the environment.

The choice of the most suitable material is therefore crucial. In this context, porcelain stoneware is confirmed as one of the best solutions available on the market, thanks to its excellent technical performance and the versatility of its finishes, which make it practical and aesthetically refined.
